VNB102

10" ViewBook™

Computing, Connecting on The Go

For a space saving, economical, low energy using device, the ViewSonic® ViewBook fits the bill. This portable 10" PC has enough processing power to do all the common functions like Word, PowerPoint and Excel. Yet light enough to carry with you anywhere in your backpack or briefcase. Perfect for school work or computing anywhere. Get pure PC functionality – USB ports, wireless, VGA connector – but without all the weight and size. With a compact design using less plastic and an efficient processor using less energy, makes this ViewBook a smarter, greener computing solution.

Smarter Greener Computing
